

Coordinated Care Network Specialty Care Program Overview

340B Pharmacy Services

- Dispensed over 800,000 Rxs to more than 37,000 patients
- Comprehensive 340B pharmacy services
- Providing two-fold results:
 - Better clinical outcomes
 - Better financial outcomes

340B Drug Pricing Program

- Provides access to drugs at 50% below Average Wholesale Price (AWP)
- Standard reimbursement is $AWP - 16\% + \$2$

The power of combining a solid clinical model with the 340B economic model is the generation of surpluses for the covered entity, which follows the exact intent of the 340B program; to provide revenue to covered entities servicing the uninsured.

Business Model Highlights

- Set up a 340B wholesale account
- Purchase, receive & manage inventory
- Manage accounts payable and accounts receivable for pharmacy services
- Provide comprehensive pharmacy services
- Reconcile 3rd party reimbursement on clinic's behalf

Specialty Care Model Highlights

- 24/7 access to dedicated pharmacist
- Specialty Care Rep trained in HIV & mental health assigned to patient
- Coordination with your clinical team
- Personal refill reminder calls
- Adherence tracking and reporting
- Convenient home delivery
- Personal patient attention

Significant Clinical Benefits

- **Simplicity**
 - Single pharmacy point of contact
 - Improved drug utilization reviews
- **Comprehensive care**
 - Partnership between CCN pharmacy and clinic
- **Improved adherence**
 - Personal access to pharmacy services
